Professional Summary

Full Stack Developer with 3+ years of experience building scalable and responsive web applications using Next.js, TypeScript, and Tailwind CSS. Skilled in Redux, RESTful API integration, focus on clean and maintainable code.

Experience

Full Stack Developer Jun 2026 – Present
Avenir Tech Pvt Ltd. *Hetauda, Nepal*

- Built a B2B/B2C e-commerce platform connecting hardware suppliers and retailers using Next.js.
- Engineered fully responsive UI with Tailwind CSS and Radix UI, and built reusable, composable component architecture to accelerate feature development.
- Developed custom hooks with TanStack Query for centralized, cache-optimized API handling for FastAPI.
- Implemented role-based authentication and authorization for suppliers, customers, and admins.
- Integrated Cloudflare CDN for fast, optimized image and video delivery, and implemented API rate limiting for platform stability.
- Skills: React, Next.js, TypeScript, Tailwind CSS, Radix UI, TanStack Query, FastAPI, Docker, REST API

Full Stack Software Engineer July 2023 – May 2025
Kutumba Tech Pvt. Ltd. *Hetauda, Nepal*

- Built and maintained a responsive Student Management System using Next.js, TypeScript, and Tailwind CSS, delivering a fast, SEO-friendly UI with server-side rendering and optimized page load performance.
- Developed reusable, type-safe React/Next.js components and consumed RESTful ASP.NET Core APIs, ensuring seamless data flow between frontend and backend.
- Built RESTful APIs with ASP.NET Core, implementing Clean Architecture, CQRS, Repository Pattern, and JWT authentication for secure, scalable backend services.
- Skills: Next.js, React, TypeScript, Tailwind CSS, ASP.NET Core, Django, PostgreSQL, Docker

Software Engineer Jun 2025 – May 2026
Truenary Solutions Pvt. Ltd. *Hetauda, Nepal*

- Build a cross-platform application using Tamagui in a monorepo architecture with Next.js and React Native (Expo).
- Responsive UI for both web and mobile platforms.
- Managed complex state using Redux and integrated GraphQL APIs, Integrated socket for live data.
- Implemented JWT authentication with secure token storage and OAuth login.
- file handling, and generated POS-compatible order token PDFs for printing.
- Skills: React, Next.js, React Native, Tamagui, Redux, GraphQL, Apollo Client, TypeScript, Expo, JWT

Technical Skills

Backend & Frameworks: FastAPI, Nest js, JWT Authentication
Frontend: React, NextJS, TypeScript, Redux Toolkit, React Hook Form, Zod Validation, Tailwind CSS
Database & Tools: SQL Server, Query Optimization
Version Control: Git, GitHub, code reviews, Git workflows and CI/CD pipelines
Architecture & Patterns: Clean Architecture, CQRS, Dependency Injection, Repository Pattern, Clean code practice
AI-Assisted Development: Familiar with agentic coding platforms such as Claude Code, OpenCode, Gemini CLI for accelerated development workflows

Projects

Hardware Hubz: B2B/B2C E-commerce Platform | *React, Next.js, TypeScript, Tailwind CSS, Radix UI, TanStack Query, FastAP*

- Engineered a dual-mode e-commerce platform connecting hardware suppliers and customers, enabling bulk B2B trading and direct B2C retail in one marketplace.
- Built reusable, composable component architecture with fully responsive UI across all screen sizes.
- Developed custom hooks with TanStack Query for centralized, cache-optimized API handling.
- Implemented role-based authentication & authorization for suppliers, customers, and admins, with rate limiting to safeguard APIs against abuse.
- Integrated Cloudflare CDN for fast, optimized image and video delivery.
  Live : hardwarehubz.com

Kinyo - SaaS Platform | *Tamagui, React, TypeScript, TailwindCSS, React Native*

- Developed a cross-platform application using Tamagui in a monorepo architecture, web app with Next.js and the mobile app with React Native via Expo.
- Managed complex state with Redux and integrated GraphQL APIs using Apollo Client, Socket for live data.
- Implemented JWT authentication
- file handling, and generated POS-compatible order token PDFs.
  Project-Link : kinyoapp

Education

Hetauda School of Management & Social Sciences, Tribhuvan University Hetauda, Nepal
Bachelor of Computer Application (BCA)

Soft Skills

- Startup Experience: Worked across multiple startup environments with rapidly shifting requirements, adapting quickly to new project scopes, tech stacks, and business priorities without compromising code quality.
- Collaboration: Communicated regularly with cross-functional teams to align on shifting requirements and ensure a smooth, efficient development process.
- Problem Solving: Debugged and resolved technical issues under tight deadlines and high-pressure environments.
